

CertainTeed  
**Quality Master**<sup>TM</sup>  
The difference is knowledge

This is to certify that

**Ed Dever**

has earned the title of **CertainTeed Quality Master**<sup>TM</sup>

*having successfully passed the CertainTeed Shingle Technology test,  
thus demonstrating a thorough knowledge of the difference between high-quality  
and mediocre asphalt shingles.*

The Shingle Technology test is a challenging series of questions on current manufacturing technology and related subjects, discussing complex shingle technology and quality. This program provides a comprehensive overview of asphalt shingles, from product components and design features, to price considerations and warranty provisions.
