Dear Paul,

I want to take this opportunity to thank you and your whole organization for the splendid job you did in replacing our old and deteriorating slate roof. Everyone is pleased with the matching of the shingles to the rest of our building and amazed at the care your team exercised in keeping our campus clean and picked up as the work proceeded.

We also want to thank you for your good council concerning the other phases of our renovation project. The ceiling insulation, wall board, painting and new room lighting are all time tabled to be finished in early July.

You can rightly be proud of both the product and service you provide.

Sincerely yours,

Dave Evans
