TO: Management Team of Associate Roofing

It has been over six months now since you installed our new roof and we are very pleased with a job well done. I purposely waited to write to you so we could experience all season weather conditions, and we are happy to report we have **no** leaks! I know this was not an easy roof to replace, but your staff was very professional and the job was completed without delay, which was crucial to us, because the roof was about to cave in at any moment. Needless to say we are very happy with the results.

I also want to mention that we did get other estimates, but because of the expertise and explanation of how it was to be completed, and the cost, we found your Company to far surpass the other Companies in all areas, and I would highly recommend Associate Roofing to anyone in need of Roof repair or replacement.

This year is the first in the last 22 years that we have not had a leak!! Now that's amazing!!!

Thanks Again
