Dear Mike:

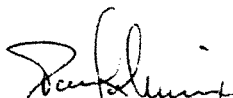

Enclosed is the balance due for the new roof you installed here at 1 Pleasant Street.

I wanted to take a moment to thank you and your people for doing an outstanding job on our building. The entire process was completed efficiently, with very little disturbance to our business.

Your field supervisor on the job was professional and clearly communicated any problem situations that arose during the course of the project.

I would heartily recommend Associate Roofing to any business or home owner.

Sincerely,

Paul Lemieux
Division Controller
