Board of Examiner

RE: Michael Lynch, Associate Roofing

I have known Mr. Lynch for approximately eight years. In that time, his company has worked for me when I was engaged in general contracting. More recently, his company has worked for the Town on projects that I supervised, and has done countless roofing jobs for citizens of the Town.

His work has always been excellent, and I am not aware of any complaints or problems.

I recommend him without reservation for the appropriate license.

Signed under pains and penalties of perjury,

ROBERT M. EGAN

Building Inspector/Zoning Officer
