

July 26, 1989

To Whom It May Concern:

In June, 1989, Associate Roofing Company of Scituate installed a new roof at the United Church of Christ, 460 Main Street, Norwell, Massachusetts; and the Board of Trustees is completely satisfied with the finished product.

Michael Lynch and his crew performed their work in a professional manner; the quality of the workmanship is excellent; the project was completed well within the scheduled time limits; and site clean-up was outstanding.

We, the Board of Trustees, highly recommend Associate Roofing for your roofing project.

Virginia Avery and Gus Gamache
