Dear Mike,

It is my pleasure to express our thanks for a job well done. The roofs on the rectory and the Steeple School building look great. The same was true of the ground around the building. As you know, we were concerned about the clean-up around the school. We have found so few nails on the ground that you could count them on your fingers. Your crew was efficient, timely and professional from start to finish.

The highest compliment I can give is that you are almost guaranteed of getting the job when we are ready to roof the remaining two buildings on the property.

Again, thanks for making this part of my job easier.

Sincerely,

A handwritten signature in black ink, appearing to read "John R. Goddard". The signature is fluid and cursive, with a large, sweeping initial "J".

John R. Goddard
Priest
