

8-14-10

Associate Roofing

We just had our roof completed by your company & it was an outstanding job from Mr. Paul Lynch who came out & gave us the original estimate to the working staff including Mr. Jason Campbell the foreman on the site. All employees were professional, polite, & knowledgeable of their specific job responsibility.

We cannot say enough about the quality of work & the timely manner it was finished.

We will be sure to contact you when we require a cedar roof on our home in Cape Cod & pass the word!

Thanks to all, including the telephone receptionist!
