

June 27, 2010

Dear Paul,

Thanks for the new roof on our house. You picked the right color - it does indeed look "sharp" as you said.

Mark did a good job on the front wall - it looks like it fits in with the rest of the stucco. New Home will tell if the leak was taken care of. I trust your opinion that it

will be. I'm glad you came by to see what still needed to be done. It was a pleasure to deal

with you and Mark, along with Ed in the office. Everyone

seemed to be on the same page and knew what was needed. We are pleased to deal with a family business.

Enclosed is the final payment.

Yours,

Barbara Parentel
