Dear Paul,

Just a brief note to sincerely thank you and your crew for a job well done. All my expectations were met from our initial discussions to the final product.

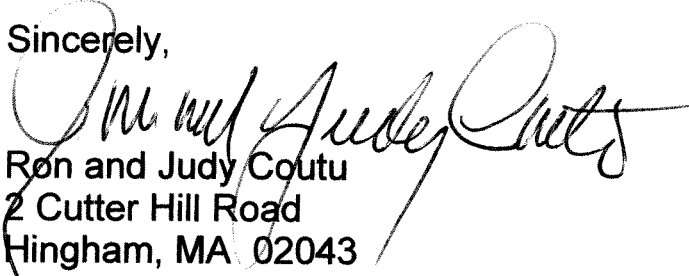

Paul, we appreciated all the time spent in helping us choose the right product and color and the correction of some very minor issues which were all done in a courteous and professional manner.

I was sold on the concept of contracting with a qualified applicator, licensed and insured, in the choice of 30 year GAF-ELK timberline shingles, its color and beauty, how it blends with the colors of the house - all enhancing our home's beauty and value.

The entire crew was friendly, courteous, and professional. We especially appreciated the efforts taken in protecting our property and landscaping during the project and the impeccable clean up once the project was done!

Please feel free to use us and a picture of our home at any time as a valued reference.

Sincerely,

Ron and Judy Coutu
