Re: 280097-000 Inv. No. 05592

Dear Paul,

I originally had a leak in my roof and was looking for a good roofer. I just didn't know who to call. Associate Roofing, Inc. was highly recommended by friends. I called two other companies as well for estimates but after meeting with you and discussing what needed to be done I decided to go with Associate Roofing, Inc. for a new roof and replacement of a sky light in my living room and one in my porch. Also, a small area that needed the gutters replaced.

I found your crew were very professional, courteous and organized.

The clean up after completion of the roof was amazing. One would never know a roof had been completed in such a short time. In addition to the outside clean up inside clean up as well was needed and was greatly appreciated.

Many thanks for a job well done and I certainly would recommend your company to my friends or anyone in need for roof work.

Enclosed please find a check payable to Assoc. Roofing, Inc. for payment in full.

Sincerely,
L. Lynch
