Associate Roofing
21 Arnold Street
Braintree, MA 02184

Dear Associate Roofing:

I called your company to see if you could rectify a situation that a previous company had left me with--namely, three substantial leaks in my brand new roof. Paul visited my home and diagnosed the problem (and recommended a solution) within 5 minutes of his arrival. (My original roofer had been unable to solve this problem for the past year.)

Paul sent a crew to do the repairs, and my roof has not leaked since then. Your crew was great--worked steadily, finished on time, and did excellent clean up at the end of each day. My only regret is not calling Associate Roofing the first time.

Sincerely,

Donna Janis
