*Associate Roofing*

*Just a quick note along with our payment to let you know how pleased we are with the services performed. We were absolutely amazed by the crew that came to install our new shingles - they worked non-stop from 7:30 AM to 7:30 PM. Not only did they do a wonderful job on the roof they also took great care of our property in the process, constantly cleaning up after themselves.*

*Thanks for the great job!*
