Associate Roofing, Inc.
21 Arnold Street
Braintree, Massachusetts 02184

Attention: Paul Lynch

Dear Paul,

With all the rain we have had in the past few days, Associate Roofing has been mentioned many times in our household. We are so grateful to say that the new roof is excellent and the skylights are great.

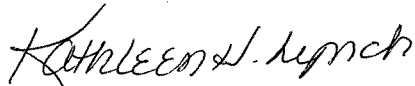

Thank you for your excellent work and patience. I so appreciate the fact that you had to do this roof work in the worst kind of conditions, i.e., rain, snow, sleet and freezing cold weather.

Your employees were efficient and hard working and I am very happy to report that the gutters you re-installed are working better than they ever have. I know that you took an extra special interest in seeing this done and Neil and I are very appreciative.

The other work in the house has been completed and we are back to normal.

Once again, we thank you for your professionalism and doing business with you was a great experience and we would be happy to recommend your company.

Very sincerely,

Kathleen H. Lynch
