

To whom it may concern,

Thank you very much for the professional job that was done to our home. My wife and I could not be happier with the care that your workers had shown us. They managed to strip the roof and put down new shingles in the matter of 2 days. That meant that the crew of four had to work about 10 – 12 hours a day. And to top it off, the site was left spotless both nights when they finished up.

The only concern that I do have is that I think that there is a piece of flashing missing around the chimney. If this could be looked at, it would be greatly appreciated. I also would like to apologize for taking a while to write out this check, but we are now sending a payment in full.

I would not hesitate to give your name to people that might be looking to have a new roof put on their homes. In fact, I've been praising you to anybody that would listen. Keep up the good work and thank you once again.
