Attention: Michael Lynch – president

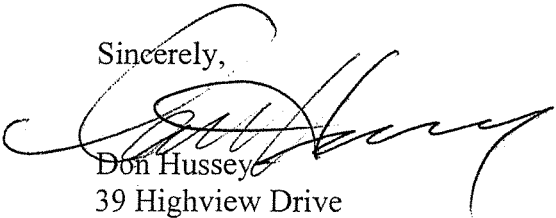

Dear Mike:

Please find enclosed a check for \$8,229.56 as final payment for installing a white single membrane roof at my home in Hingham. As I mentioned to you early in our relationship, I called several roofers for information and estimates. My main objective was to find someone who would give me a quality job.

This was an old roof of nearly 40 years and was in rough shape. Not only am I very pleased that I chose you to do the work, but I know it was done right. You and your crew worked in a professional manner and when faced with some tough decisions acted quickly and in my best interest.

I want to thank you for a job well done!

Sincerely,

Don Hussey
