RE: 34 Philbrick Road, Newton, MA

Dear Paul:

You asked if I would write you a recommendation. Both Judith and I are pleased to. I think that the work Associated Roofing performed on our home in Newton was very good and we were very pleased with the results.

More specifically, I was pleased with both the way you quoted the job and the way you finished it. As I have told you, you were the only person to quote the roof and gutter job who made any comment about our chimney. As you know, our chimney was in terrible shape. It is hard for me to imagine somebody quoting on a roof and not noticing the problem with the chimney. It was perfectly obvious that it was on the verge of collapse when I looked at it through a pair of binoculars.

Your detailed quote was appreciated. Your discussion about what options existed was very helpful. The thoughtfulness of your explanations and our conversations about the detailed quote made me feel comfortable. Your crew was very professional, arrived when they said they would arrive, left when they said they would leave and finished the job on a timely basis.

All in all we were very pleased and would be pleased to recommend Associated Roofing to anyone that you want.

Cordially,

Peter Myerson
