

Mr. & Mrs. Peter Mahoney
114 Linden Drive
Cohasset, MA 02025

January 27, 2000

We moved into our home on Linden Drive in May of 1996. Our house is around 40 years old, and still had the original roof. The roof was not in good shape at all and was covered with moss and fungus. It completely destroyed the appearance of the house. We received 3 quotes in September of 99, with Associate Roofing being one of them. Their quote was very competitive, and was actually the lowest bid we received. After meeting with Michael Lynch, we realized we were dealing with professionals and awarded Associate Roofing the job. The job took around 2 ½ days to complete. The workers on the job were very professional and organized. In addition to the new roof, we had a skylight replaced in the kitchen, which meant work had to be done from inside the house as well. When the job was complete, you would never of known they were there. The inside of the house was spotless, and there was not one piece of old roofing, scrap material, etc. anywhere on the property. The new roof has completely changed the appearance of the house. I highly recommend Associate Roofing for any roofing needs.

Sincerely,

Peter Mahoney
