Mr. Paul Lynch

Associate Roofing, Inc.

Braintree, MA 02

Dear Paul,

I am so pleased to have chosen your company to replace our roof. I had gotten several estimates, but because you actually went up on our roof and took pictures to show us the problem areas sealed the deal for us. You explained all the problem areas and how your company was going to fix them. It was also a bonus that your company is in Braintree.

Your team arrived on time and replaced roofs on our house and two sheds. They were very professional and cleaned up everything before leaving. We put our faith and trust in you and we were very happy with the result. I will definitely give your business card to any of my friends/family. I feel that we have become friends and not just business acquaintances.

Best regards,

Johanna & Dennis Burns
