

## Testimonial for Associate Roofing

In the fall of 2015 we had the roof of our Martha's Vineyard home replaced by Associate Roofing. Our experience began with a meeting with the owner, Mike Lynch. He came to our home, assessed the situation, gave us a fair price and set a date for installation. His crew showed up on the expected date and time, a sometimes-unique experience on an Island where appointment times are a flexible commodity. They performed the work in one day. The new roof included a new skylight which had to be replaced. It is important to note that the roof is very steep and required skill and dexterity. The work was completed quickly and flawlessly. Neighbors have remarked on how nice the new roof is.

This spring (2017) we arrived on Island to discover a leak in the upstairs hallway. We called Mr. Lynch on a Sunday morning. He immediately came over. What he discovered was that the leak was not related to the roof but to another issue. He not only diagnosed the problem but hooked us up with a plumber. This man was also very responsive and the problem was quickly taken care of.

The type of service we have received by Associate Roofing and by Mr. Lynch in particular, is not only rare but exemplifies integrity and pride of workmanship. We are so pleased with our experience that we recommend Associate Roofing to any home owner or business in need of a new roof.
