

April 13, 2010

Dear Mike,

As you know deciding on a vendor to replace the roofs on a 36 unit condo development is not an easy task. Being responsible for managing this task, I did not want to make a choice that would cause problems for the numbers of families living here. Choosing Associate Roofing was the right choice.

Your crew started the job on the first of March 2010 and completed it today the 13th of April. With a significant number of rain days, this project came in very close to the 30 day mark, a deliverable, I personally found hard to believe, when we first started discussing it. Mike, your crew did an absolutely outstanding job on the project. They worked tirelessly day after day to meet and exceed our expectations. Their work was of the highest quality, their attention to detail was outstanding, and their daily cleanup and overall organization of the process could have not been executed any better. On behalf of the 36 families of the Condos at the Scituate Country Club, I would like you to know we are all very happy at the outcome and your company's commitment to the group. As a board member and project manager, I can tell you I appreciated your commitment to me personally.

I would highly recommend Associate Roofing to anyone requiring quality workmanship that is delivered on time and on budget.

Sincerely

Vin Mollomo
