RE: 149 Old Main St, Marshfield Hills, MA

Dear Mike,

Good to see you this morning. I wanted to send you a short note of positive kudos on the quality of your workmanship.

Both you and Paul installed a new 40 year Certain Teed asphalt shingle roof with new under sheathing (as you recommended) on our 200 year old Marshfield Hills antique back in 1994.

Since then, not a leak missing shingle or any problem at all.

Please feel free to share this letter with your new customers as both Julie and I can stand behind the quality of your work using top notch materials.

See you in 20 years for a new one!

All the best,

Brad White
