To Whom it May Concern,

Associate Roofing has been a pleasure to work with and I recommend them for all roofing needs. Eldredge Property Services has called on Associate Roofing countless times over the last 5 years to service both of our residential and commercial clients. In every instance Michael and Paul Lynch have quickly and efficiently responded to each of our clients' needs. Michael and /or Paul have consistently provided excellent customer service regardless of the size of the issue. We have worked as a team to provide problem resolution from small leaks due to flashing, to shingles replacement after being ripped from rooftops in heavy storms, to full roof replacements.

The Associate Roofing team has been a pleasure to work with and I highly recommend them for any roofing needs.

Kind regards,

Kate Eldredge
