Mike Lynch
Associate Roofing, Inc.
21 Arnold Street
Braintree, MA 02184

Dear Mike:

I wanted to take a moment to thank you for all your support and service on the multiple commercial and residential roof projects we've done over the last 15 years. Your knowledge being a third-generation roofing contractor has been an asset to our company. The attention to detail your family continues to provide to The Hamilton Company and Hamilton Construction Management has been of the utmost importance in maintaining our properties.

The Hamilton Company was founded in 1954 and is now one of the largest privately held real estate organizations in New England. We own, manage, and lease a significant portfolio of commercial space and over 5,000 residential apartment units. Maintaining that volume of property is a substantial undertaking and being able to have a responsive and high-quality roofing service makes that job easier.

I have had the privilege of being with The Hamilton Company since 1989 and have been President of Hamilton Construction Management Corp since 2002. Associate Roofing, Inc. has given me the peace of mind of knowing I have a reputable roofing contractor supporting our projects from emergency repairs to major roof replacements. I continue to strongly recommend Associate for our own roofing needs as well as to other owners and contractors.

Sincerely,

Hamilton Construction Management Corp.
