Re: Recommendation of Associate Roofing

To Whom it May Concern,

I am familiar with Associate Roofing after I hired them to put a new roof on my own house and a new roof at our church. I found Paul & Michael Lynch to be professional and responsive. The quote for my own roof was competitive and the work product was of superior quality. I was particularly enthusiastic about their ability to reproduce an historic flat seam metal roof in galvanized copper with hand soldered seams, the number of roofers that are able to do this type of work is sadly diminishing. The roof on our church was replaced in a short time for a good price. The workers cleaned up each day and were courteous and helpful. Paul also responded to a recent inquiry about flashing on the church chimney, he quickly made a site visit, recommended a solution and provided a contractor.

I am pleased to recommend Associate Roofing for their excellent work and consistent prompt response.

Sincerely yours,

Christopher DeOrsay A.I.A.
